

AJKTМ 2020 | How Strong is the Bridge?! 2020

11th International Spaghetti Bridge Competition

We invite you to 11th International competition “How Strong is the Bridge?! 2020”, to be held from 4th to 6th May 2020 in the Borut Pečenko Hall (Faculty of Civil Engineering, Transportation Engineering and Architecture, University of Maribor, Smetanova ulica 17, Slovenia).

AJKTМ 2020 is a great opportunity for students of civil engineering, architecture, mechanical engineering or other technical sciences (other students are also welcome) to put their skills and knowledge to the test in a competitive yet friendly and fun atmosphere. Competition is known to be the biggest of its kind in this part of Europe. Winning teams will receive considerable monetary prizes (total prize money is 3000 EUR).

AJKTМ 2020 is not only about competition. During those three days in Maribor, a lot of different social and cultural events are planned as well. Food and accommodation will be provided for all the participating teams. For more information see ajktm.fg.um.si.
