GOALS AND THEMATIC AREAS

IMPORTANT DATES

GOALS

By organizing the scientific and technical forum on the occasion of the 75th anniversary of the Faculty of hydraulic engineering of UASG, we aim to meet scientists and professionals in the field of water construction, water resources management and environmental protection. By presenting the latest trends in these fields, with the exchange of knowledge, the sharing of achievements, ideas and views on the development of the water sector, we aim to highlight the importance of water-related problems, promote the role and activity of water engineers and contribute to the formation of new guidelines for scientific and scientific-applied research in the individual thematic areas.

THEMATIC AREAS

- Water supply, sewerage and water treatment
- Hydraulic structures
- Irrigation and drainage
- Hydraulics, hydrology and water resources management
- Mechanics
- Physics

WORKING LANGUAGES – Bulgarian and English

Participants are encouraged to submit papers in English.

REGISTRATION

All participants in the conference must register through a participation form in the conference internet page.

Registration is free of charge and entitles you to:

- presentation of a report
- participation in scientific sessions
- Receiving conference materials
- coffee and drinks during the coffee breaks

IMPORTANT DATES

15.09.2024	Abstracts submission deadline
23.09.2024 r.	Abstracts acceptance deadline
30.09.2024 r.	Registration deadline
07-08.11.2024 r.	Conference
30.12.2024 r.	Report full text submission deadline

REPORTS AND ABSTRACT REQUIREMENTS

PUBLISHING

ABSTRACT REQUIREMENTS

ABSTRACTS

Abstracts are presented in Bulgarian and in English, based on a template available on the conference website. For each of the languages, the abstract has a volume of up to 15 lines, font Times New Roman and font size 10 pt

REPORTS

Reports are presented in Bulgarian or English.

ARTICLES

Guidelines for formatting and a template for articles are available on the [website of the UASG Annual](#).

PUBLISHING

All submitted abstracts are reviewed, evaluated for relevance and compliance with the thematic areas of the conference and will be published in a collection of abstracts of the conference reports.

Full-text articles submitted for publication go through the usual peer review procedure of the UASG Annual. Accepted articles will be published in a special issue dedicated to the conference.

The Annual of the UASG is included in the National Reference List of modern Bulgarian scientific publications with peer review, maintained by the Ministry of Education and Science through NACID.
