and

**Czech Technical University in Prague, Faculty of Civil Engineering
Thakurova 7, 166 29 Prague 6, Czech Republic**

The memorandum of understanding signifies mutual interest in the promotion and development of joint educational and research projects. Where financially feasible and consistent with policies of the Czech Technical University in Prague – Građevinsko-arhitektonski fakultet, Faculty of Civil Engineering and Architecture of Nis, the parties agree to pursue mutual interest in the following types of activities:

- Exchange of information and documentation including sharing of teaching material, publications, results of implementation of new technologies and research.
- Exchange of junior and senior researchers.
- Students' exchange.
- Both parties will encourage direct contacts, academic exchange and research cooperation between their faculty and staff members, departments, and research institutions.

Both parties determine following principles:

- Any exchange of staff or students should proceed on the basis of approximate reciprocity and parity of numbers.
- Both parties are responsible for the complex insurance (medical/accidents) made in home country before the visit.
- Departments and institutions interested in the cooperation will prepare annual plans for each next year.
